

K-Love radio is a great addition to our area. I listen to it ALL the time in the car. It is a great radio station that is good for all ears. It is uplifting and encouraging. Please keep it on the air and not allow it to be displaced by a LPFM. The music is great for all ages and it promotes peace. What a great alternative for teenagers. It would be a huge loss for our area if we were not able to listen to it.
